PRESENTATIONS: Roberto Torres- City of San Diego Representative

Roberto informed us that the Assistant Police Chief is up for appointment to be the Police Chief. The City Council is having a special appointment meeting where questions will be asked of him and a final vote to appoint him for this position. This will be held on February 26, 2018 at 2:00pm. He also stated that there is no update on the “utilities undergrounding” schedule.

The Board informed him that we would like him to investigate installing a "do not block intersection" sign painted on the pavement of the intersection. He stated that a City engineer had already visited the intersection and did not see any issues with cars blocking it and was not going to propose anything to resolve it. The Board asked Roberto to go back and revisit this issue, as it is a significant safety issue. Roberto agreed to look further into the matter.

He will also ask that the Engineering Department check the signal lights at the corner of Yerba Santa and Montezuma, as they are taking way to long of time to change.

Roberto Torres contact information is Robertot@sd.gov and 619 533-4774

He also stated that Smart water meters that are already installed will be fully operational in the City by August of 2020.

PUBLIC COMMENT: There were no Homeowners in attendance.

ONGOING BUSINESS/COMMITTEE REPORTS:

Treasurer’s Report: Treasurer asked any of the Board members if they have any Capital Expenditures that they can think of, as nothing was budgeted this year for them per the Reserve Study. No Board member had any Capital Expenditures forthcoming.

Treasurer also states that savings rates are on the rise and are now at 1.85% and has moved funds to maximize this rate of return on cash. He also stated that account 215 (Accounts Payable) may be a bit understated as it does not take into account some legal bills that have not been accounted for on these
financial statements, as they were prepared before the legal expenses came in. Ken also stated that the Reserve Study has been prepared and he is just waiting for the Annual Audit Report. In addition, Austin stated that he has approximately $600.00 that has been collected from gate clicker sales that should be booked for the 2017 financial reports.

If not he will have to cut it down. Poly to be reminded to clean off benches and tables in Community Park.

**CACC:** Jose is trying to get reappointed onto the CACC Board. His term will end in 2019. Jose stated that the CACC has given away $400,000.00 of the "Dollar per Ticket Fund" back to SDSU, that was supposed to be used for the College area not by San Diego State.

The Alvarado Estates Board wants a letter drafted and sent to the CACC and to SDSU formally protesting this decision as it violated that intent of the original agreement.
