Party in the Park!

Dustine “Our Party Queen” along with Lori Mullen “Our FUN Coordinator” (Social Committee Co-Chairs) once again outdid themselves! Our 3rd annual June Party in the Park was another great success with a record turnout.

This year featured street tacos with all the trimmings and margaritas blended and served up by Victor and son Eddie who have set up, cooked, and cleaned up at several of our annual picnics in the past. The board is eternally grateful to pass those duties on to them!

Lots of FUN was had by all and it was so great to have so many new members join us this year!

Special thanks go to Julie & Jen Dunne for setting up the volleyball net and organizing the game. And once again, Lori Mullen kept the children delighted playing tennis ball toss, old fashioned lawn games, crazy relays, Simon Says, and red light green light.

Outdoor play and new friends make great FUN!

John Tavares & Adam Clark

Bret & Victoria Hamelin

Another Picture Perfect Day!
More Party in the Park FUN!

More thanks go to Larry Doemeny & Chris Crisafulli for taking such great photos! To see lots more go to AE Pix and Larry’s pix. And of course, Jerry Moe & Alfonso Logan for storing the tables & chairs and providing the table cloths & center pieces.

Cynthia Lingg, Marisa Papitto, & Dustine Gallagher “Our Party Queen” celebrate (deservedly) after hosting one of our biggest and most successful parties in the park yet!

Preserve Your Park Legacy

You still have time to donate to the Pitch ’n Putt in our park!

Members have asked, “Why is it so small?” We need room for a Bouncey, Club House? and more donations! Email Susan at scc@FUN-damentals.com to make your donation.

Home Tour in 2015?

Lots of members have expressed an interest in having a Home Tour. The last time we had one was in 2008. We typically feature 5 homes, this year we are thinking mid-September, and having a “progressive”, Home Tour. If you would like to have your home featured contact Dustine at 619-987-1565 or Dustine@PapittoProperties.com or Lori at LoriMullen@gmail.com or 831-539-1274

Also, if you would like to see this happen, as well as more social events, Dustine & Lori would love to have more committee members to help do just that.
Well, summer has officially arrived. It’s time to enjoy both our beautiful weather and surroundings, more than usual. At my house we are busy with basketball, biology camp, zoo camp, and academic boot camp—almost worse than when the kids are in school but we do what we can to encourage strong minds and bodies in our families. We are fortunate that our board members, both current and past have had the foresight to build community and then using that base, to suggest and then nurture ideas to further the community spirit that we all enjoy. That’s how our community park came to be and then a tot lot and then a dog park and, hopefully, that sense of enthusiasm and community spirit will never die. It is a hallmark of Alvarado Estates and it makes our community that much more desirable.

As most of you know, I am also president of the College Area Community Council (and simultaneously, chair of the College Area Community Planning Board). One of the things that has stood out since I began going to CACC meetings and then joining the board is a strong us-versus-them atmosphere, which, in my opinion, has hindered some really worthwhile endeavors that would benefit the entire area because the powers-that-be at the city, etc., know which bones to throw to keep the “community” happy. I put the word community in quotes because there is not, in my view, a strong sense of community that encompasses the entire College Area. There are four major constituencies in our area; resident homeowners, SDSU and its students, non-

president property owners (landlords) and the business community. I have pledged to myself to bring all four groups together for the common good (of all). To this end, I have met and am still meeting with these groups and laying out an agenda that will generate some visible, actually tangible results that will inspire the community as a whole to continue onward and upward. I intend to propose a simple ice cream social, hosted by the CACC, probably in early September when students are back, and have residents, businesses, and city and SDSU officials meet students, and provide information that may be useful to everyone in different situations. Not a radical idea but a first step in getting people to work together. The feedback, so far, from the Associated Students, a couple of CACC committees and some elements of the university is very positive. When it does happen, I will make sure you are all informed and I will encourage you all to attend. Just think this may be the catalyst for getting the Montezuma Trail or the Montezuma Wall mural done. My goal is to build a sense of community, like we have here and would appreciate your support.

There is Strength in Numbers

Our Streets & Gate Upgrade Almost Complete!

On more mundane notes, the city is still looking into fine-tuning the sewer system and will be re-lining some sewer lines on Toyon, Toyoff and Yerba Anita. We have been told that this work will not involve any street work, as it will be done via manholes. Speaking of manholes, there are some very old covers at the end of Le Barron, Toyon, and Yerba Santa that need replacing but should not involve any major street work. We will advise you of the timing when we are notified. As we approach the final steps of the work on the gate upgrades, we will be improving the landscaping there with some slight changes that will make a noticeable difference. Please, just like all the delivery trucks we see on the road that ask how their driving is, the same goes for our board—how are we doin’? Let us know.

Enjoy your summer!
The replacement of many of our sewer lines within our community is drawing to a close. All pipes have been replaced, most trenches have been patched, and most important, the repaving project is complete.

The original design for this project called for a trench patch and slurry seal on affected streets. This would have left our streets looking like Yerba Santa between Montezuma and our gate. Your Board decided that this would not be acceptable.

The Board’s long-term objective is to create and maintain our streets in first class condition, well above normal City standards. To do this we negotiated a deal with the City to re-pave Yerba Santa, Avion, & Le Barron at an additional cost of $208,000. The City agreed to pay $150,000 and Alvarado agreed to pay $58,000. This work has been completed and the payment has been made.

The next step will be to partially grind, patch, and slurry seal Norris and Armin. This work will be done by the contractor and was scheduled for June 30. We are now hoping that this work will be done by the middle of July.

Your Board also decided to re-seal all streets within our Association including the Yerba Santa spur, just outside of the gate. The new seal coat will reduce water intrusion, extend the life, and create a new and uniform appearance. This will take two days and cost $25,000.

As a final action, Yerba Santa will be re-stripped and the entrance will be re-finished. The cost will be paid by the City.

The order of events will be: Complete Norris & Armin, apply the seal coat to the streets, re-stripe Yerba Santa, and then re-finish the entrance. If we cannot get the June 30 action moved up, this will mean completion in early July.

The total cost to your Association will be about $90,000 ($58,000 + $25,000 + $6,600 for concrete work at the entrance). This money will come from our well-funded Capital Improvement Reserve account. This account, after these costs, will remain 100% funded for additional future capital improvement activity.

We will do our best to keep you informed on any changes to this plan. - Wayne Breise

First Class Streets Once Again!

We need your help to make the much needed improvements to Montezuma Road. SDSU has opposed the idea, and the City (Marti Emerald) is influenced by that. Why do we need your help? One look at Montezuma Road from Yerba Santa to Fairmount will answer the 1st part of the question and the 2nd part is you may have influence with the City or the College. This is a "no brainer" folks! Please contact any BOD member by email or phone if you want to add your name to influence either entity. Alvarado Estates cannot miss this opportunity to forever upgrade Montezuma Road for the betterment of the entire College neighborhood.

- David Wiles

Creating A “Gateway” Entrance

We need your help to make the much needed improvements to Montezuma Road. SDSU has opposed the idea, and the City (Marti Emerald) is influenced by that. Why do we need your help? One look at Montezuma Road from Yerba Santa to Fairmount will answer the 1st part of the question and the 2nd part is you may have influence with the City or the College. This is a "no brainer" folks! Please contact any BOD member by email or phone if you want to add your name to influence either entity. Alvarado Estates cannot miss this opportunity to forever upgrade Montezuma Road for the betterment of the entire College neighborhood.

- David Wiles

Does any university in California have a primary access road that compares to the lower portion of Montezuma? Does any nearby community have a primary access road in this condition?
3.09. Sales.

In addition to the prohibitions of commercial activities listed in the CC&Rs, it is not permitted to conduct a yard sale, garage sale, estate sale or auction within the Association area.

The association has acknowledged that there are times when the sale of a home is caused by the death of a member, or when they are moving to smaller quarters, and an estate sale can be beneficial for the family. In this case they are allowing an estate sale to be advertised to members only. Members may only invite their family and friends. It may not be advertised to the general public. In addition, no signs directing prospective buyers are allowed inside or outside of the community. If the owner is found in violation of either of the two stipulations it will be shut down immediately.

3.10. Signs

The posting of commercial signs on lots is prohibited, except for sale signs and residential security-system signs. Political signs are to be taken down the day after elections.

And while we all know that it is important to follow the Rules, no one likes to be put in the position of being “the policeman” when those Rules need to be enforced.

Members Remembered

Sarah Tiano passed away peacefully, surrounded by her family on Tuesday, February 3, 2015, at the age of 87. Sarah met Nessim (‘Ness’) Tiano, the love of her life and were married 15 months later in September, 1947.

The couple started their life together in Los Angeles, that included 3 children, 7 grandchildren and (so far) 2 great-grandchildren. From the beginning, Sarah was all about family. In fact when asked to recount the three most important aspects of her life, she quickly and without hesitation said “FAMILY, FAMILY & FAMILY.”

In 1967 Sarah and Ness relocated to San Diego when Ness’ firm asked him to become the managing partner of their KPMG office in San Diego. They fell in love with San Diego, its wonderful weather and community, and have remained here since the 60’s.

Ness & Sarah dedicated the first tree that you see when you enter the park from the southeast corner at the sidewalk. There is a dedication sign next to the tree. They loved to travel and spent some of each year in their second home in Palm Springs.

Member Classifieds

Meet Margo. She is a one year old smooth coated Saint Bernard who is very socialized and wonderful with all sizes and breeds of dogs. She loves children and is used to being around infants to teenagers. She is amazing with people and was great when we took her out to lunch at Davanti’s. She also loves the dog park. She lost her home due to the family’s older Great Dane not wanting to share her home with another dog.

Margo is spayed, UTD on shots, healthy, housebroken and leashed trained. She is also crate trained and just loves to be around you. If you are interested in Margo please contact me at aadubadu@gmail.com or you may text/call me at 619-379-9310. There is an adoption fee to cover her spay cost, you will have to fill out an adoption application, and if approved sign an adoption contract. She has not been tested with cats, so I do not know how she would do with them. —Angela Adu-Badu
Virtual Neighborhood Watch

“At last week’s public safety meeting, the police department announced that Nextdoor.com celebrated its 2nd anniversary and that they feel it is invaluable to maintaining neighborhood contact, which is the best crime-prevention and quality of life tool they have seen and highly recommended that all communities sign up.” - Jose Reynoso

What is Nextdoor? Nextdoor is the private social network for you, your neighbors and your community. It’s the easiest way for you and your neighbors to talk online and make all of your lives better in the real world. And it’s free.

Thousands of neighborhoods are already using Nextdoor to build happier, safer places to call home.

Nextdoor’s mission is to use the power of technology to build stronger and safer neighborhoods.

“We created this company because we believe that the neighborhood is one of the most important and useful communities in a person’s life. We hope that neighbors everywhere will use the Nextdoor platform to build stronger and safer neighborhoods around the world.”

We currently have 16 of our members signed up. To find out more about Nextdoor.com or to sign up go to https://alvaradoestates.nextdoor.com.

Call for details: 619-987-1565

Dustine@PapittoProperties.com ~ 619-987-1565

Source: Sandiego 6/23/2015
The good news is we are seeing nice price increases in the sales of homes over the past year. We want to thank all of you who have been diligent in keeping your yards and houses maintained to the standards of our community.

While we are experiencing water restrictions, it is important to understand that if you have stopped watering your lawn, you need to come up with an alternative permanent landscaping plan. As a reminder, any changes need Architectural approval. New plans need to be submitted to the committee at architecture@alvaradoestates.org or by calling Susan Crisafulli at 619-224-0400.

Another issue that has come up is the replacing of fences or walls. California Civil Code Sections 840-848 covering coterminous owners stipulates, “Most state laws or local ordinances cast responsibility for the maintenance of boundary fences on the owners that use the fence unless an agreement indicates otherwise. The law places responsibility on both parties because both benefit from the fence. Consequently, when a fence needs repair, both property owners must share the cost. http://realestate.findlaw.com/neighbors/fencing-laws-and-your-neighbors-faqs.html. The reference to the applicable Civil Code section is www.leginfo.ca.gov/cgi-bin/displaycode?...840-848.

In the case of a neighbor dispute, the Board is hopeful that it can be worked out among each owner. While we are here to support our members, having the board mediate should be a last resort.

If you happen to see any questionable activity, (a non-emergency like excessive water running down the street or tree branches that have broken off) before you call the board, attempt to locate the homeowner first. You may be able to resolve the issue and not have to make the call after all.
Community News

Park Happenings
Termites had become uninvited guests in the Gazebo. We are glad to report that they have been evicted. The damaged beams have been replaced and both the Gazebo and the Arbor have been repainted. Many thanks to Poly, our long standing landscaper for making the Gazebo and Arbor look new again! Thought for the day…..Take a stroll through the park. The natural setting and the beautiful flowers will be comforting.

—Wayne Breise

Front Gate Upgrades
As part of our new gate equipment installation, the existing gate codes will be erased. We are asking all homeowners to re-register their info with the HOA to ensure that our database is up to date with everyone’s info and gate codes. Note that existing clickers will continue to work, but we no longer have the bar code reader. To purchase additional clickers, please refer to the online or printed registration forms.

Please register online here: http://alvaradoestates.org/register. Or print out the form and return to the gate attendant.

24/7 Gate Attendant Proposal
Several members in the community have asked about having a gate attendant 24 hours a day. Our attendants are currently scheduled from 6:30 am to 8:30 pm, Monday thru Saturday, and from 9:00 am to 5:00 pm on Sundays. Our best guess is that it would cost members on average an additional $1.50 per day.

In order to do this we would have to have a majority of our owners in favor of the dues increase. If you are in favor of more front gate coverage please let Candace know by emailing her at CShan-non@apsmanagement.com or by calling 619-299-6899 X 103.

Check with your insurance carrier as many homeowners policies give discounts for being in a gated community and/or having an HOA, which would offset some of the cost.

Mike & Megan Cassidy Costa
Benjamin Kramer & Hector Otis
Jerry Moe & Alfonso Logan
Alvarado Community Association

4774 Yerba Santa Drive
San Diego, CA 92115

Please remember, speeding (over 25mph) in Alvarado Estates is against the rules, and is a rude way to treat your neighbors. We have no sidewalks and with lots of walkers - and children going to the Tot Lot, pets to the Dog Park (& hopefully Pitch & Putters) - just slow down, please.

Street Cleaning is Still on Hold - Until all of the street repairs have been completed there will be no street sweeper. Please help by sweeping up and keeping your curb areas clear of debris.

Blowing Leaves By Gardeners - Please inform your gardeners to blow leaves into a pile and sweep up the leaves and place them in the trash cans. We have observed them blowing leaves into the neighbors yards, as well as, blowing them into the storm drains. The association has had to pay to have the storm drains cleaned out because of this. Be a Good Neighbor and pick up your leaves.

- Wes Hinkle - Streets Committee Chair

Fire Safety Update - Defensible Space - We could be in for a very long, hot summer and owners need to keep their lots and canyons clear of dead brush to reduce the fuel-load that maximizes the potential for a very hot, rapidly spreading fire. We have to do everything we can to minimize the potential of the immediate hazards like a spark from a car or a thrown cigarette near the roadway. The HOA and a number of homeowners use Poly for clearing and cleaning up. He is very reasonable if you need help with that and can be reached at 760-213-0846.

- David Wiles, Safety & Security Committee Chair

Hot Tip - Call your homeowners insurance company and ask if they offer a discount for living in a gated community with attendants on duty, as well as, being a member of an HOA.
